

NHMA NEWSLETTER

Jan 2021

Hi to all Clubs, Members & Enthusiasts...

Happy new year to all, lets hope that by the end of 2021 we are back to some form of normality....

Are you sick of seeing this yet?

CANCELLED/POSTPONED

From what I've seen over the last few months there are a few shows/rallies/swap meets that are pushing ahead, but with "hot spots" erupting on a regular basis it makes it super hard to either confidently organise a rally or commit to attending anything outside of your local areas.

The latest casualty is the 2021 NHMA National Rally, it was decided after the outbreak in Sydney that there were too many hanging factors to make this event plausible at this time. The organisers are still committed to an event and will advise on when it will be rescheduled for as soon as they know.

NHMA AGM

With the usual Friday night Rally AGM not available this year it is going to be necessary to either find a suitable venue or another way to forfill the requirements needed to keep the NHMA up & running. The Executive will investigate options and advise member clubs as soon as we know more.

Individual Club events/days/runs

While we are not having many "group" Rallies, many clubs are having social days at members sheds, Start up days and working bees.

As long as it is a club sanctioned event, and attendees are members of NHMA, and our guidelines are being followed, our insurance can apply to those present if an accident occurs but please remember, **it's not Safety first...**

it's SAFETY ALWAYS

The National Tractor Trek (2020) that has been rescheduled to run between 30th September & 3rd October 2021 at Wedderburn. Is still forging forward and is looking to be a very welcome event.

Preparations are well in hand and all things being well a great time is expected to be had by all attending.
